TASTING GUIDELINES

Some helpful tips...

Plan ahead! This will make for a smooth and successful winery/brewery tour! To start your tasting experience, grab your friends or significant other and determine what wineries and breweries you would like to visit on the trail. If you are new to wine/brewery tasting let the wineries and breweries know and they will assist you in choosing samples to try. Not every wine or beer is for everyone. If you try a sample that you may not care for simply pour it out and try something else.

The West Michigan Wine and Beer Trail offers hundreds of wine and beer tastings. The State of Michigan law limits the size of sampling pours and each winery/brewery has their own policies on the number of samples they offer. Enjoy your tasting experience responsibly! Use a designated driver or one of the transportation services offered. Consider maximizing your experience and spending a night or two at one of the accommodations listed if you plan on visiting several different wineries and breweries.

Inquire about wine/beer specials. Many wineries and breweries offer complimentary tasting, 2 for 1 tasting deals, or a % off bottles of wines purchased. Once you find a wine/beer that you like, purchase them for later enjoyment. These also make great gifts! Have fun and ask questions! The winery and brewery staff is usually very helpful and knowledgeable. The wine and beer trail can be a fun and unique experience for everyone!
